ı	Activate	Cancel

- Start SketchCop FACETTE in administrator mode and select "Help"
- A drop down menu will appear.
- Select "Activate"
- Copy and paste the activation code into the empty field and press the "Activate" key.

Following successful activation please close and re-open SketchCop FACETTE.

If you have difficulty activating SketchCop FACETTE after receiving your activation key:

- Make sure that you are using the SAME computer the activation key was requested from, or
- Uninstall the SketchCop FACETTE program, then re-install, repeating the previously detailed steps to activate your license.
