If your computer is only temporarily offline, transmit the license request data to your e-mail program with the button - "Send with Mail Client" and send us the request code as soon as you are back online.

If your computer DOES NOT have internet access:

- Copy and paste the multi-line code from the field "Message" into an empty text/word program file.
- Transfer the text file to a computer which can send e-mails by means of a USB stick.
- Send us the request code from there (e-mail address: <a href="mailto:facette\_license@identi.net">facette\_license@identi.net</a> and in the subject line type: Regarding SketchCop FACETTE 8 License Request.)

If you have difficulty activating SketchCop FACETTE after receiving your activation key:

- Make sure that you are using the SAME computer the activation key was requested from, or
- Uninstall the SketchCop FACETTE program, then re-install, repeating the previously detailed steps to activate your license.
